

Transportation, Housing and Urban Development Technical Corrections submitted  
April 23, 2010

Intended Recipient	Project Name	Location	Purpose and Justification	Technical Correction Requested
TRANSPORTATION				
Warren County	Warren County, Southwest Connector Corridor and Connecting Arterial Roadways from Warren County, Southwest Connector Interchange, IA (Division K of the Consolidated Appropriations Act, 2008 (P.L. 110-161))	Warren County	The initial project included a interchange on I-35. An Environmental Impact Statement showed that the interchange was not recommended in the foreseeable future. However, it was recommended that the identification of a highway corridor is needed for preservation of an efficient transportation system within the Des Moines metropolitan area.	Change language included in Division K of the Consolidated Appropriations Act, 2008 (P.L. 110-161) from the "Warren County, Southwest Connector Interchange, IA" to the "Warren County, Southwest Connector Corridor and Connecting Arterial Roadways, IA."
