The Honorable Loretta Lynch
Attorney General
U.S. Department of Justice
950 Pennsylvania Avenue, NW
Washington, DC 20530

Dear Attorney General Lynch:

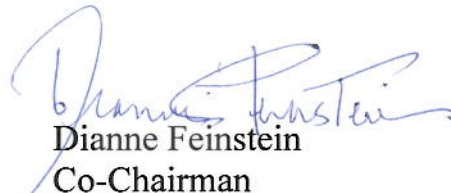

We are writing to follow up on a letter we sent May 13, 2015 requesting that to the Departments of Justice and Health and Human Services conduct a scientific and medical evaluation of cannabidiol. We are grateful that the Departments agreed to conduct this evaluation, and are now requesting an update on its status and the expected date of completion.

Given that many individuals suffer from serious medical conditions that may be alleviated by cannabidiol, it is critical that this evaluation be completed expeditiously.

Thank you for your prompt attention to this important request. We appreciate the steps your Department has already taken to reduce barriers to researching cannabidiol. We look forward to your response, which we respectfully request by June 17, 2016.

Sincerely,

Charles Grassley
Chairman
