The Honorable Lloyd Austin
Secretary
U.S. Department of Defense

Dear Secretary Austin:

My ongoing investigation into the July 13, 2024 assassination attempt against former President Donald J. Trump as well as a recently uncovered plot by Asif Merchant, a Pakistani Native with ties to Iran, to assassinate former President Trump and other high-ranking U.S. government officials has exposed significant security weaknesses and outright failures in how key U.S. agencies ensure the safety and security of U.S. leaders.¹ I write to you today to learn more about what support and resources the Department of Defense (DOD) is providing the Secret Service.

On August 29, 2024 Deputy Pentagon Press Secretary Sabrina Singh said DOD “has approved a request by the Department of Homeland Security [DHS] to provide assistance to the Secret Service for presidential and vice-presidential candidates during the 2024 campaigns through Inauguration Day 2025.”² Press Secretary Singh also stated that you directed “the commander of U.S. Northern Command to plan, provide, and execute increased support to the United States Secret Service at various locations across the United States during the 2024 election campaigns”.³ Further, Anthony Guglielmi, U.S. Secret Service Chief of Communications reportedly stated DOD is providing “additional assistance including logistics, transportation, and communications through the 2024 campaign season.”⁴ The American public and Congress deserve full transparency into what assistance DOD is providing to the Secret Service to ensure the safety of protectees during 2024 campaign season.
