[REDACTED] Could you please provide me the information on the recovered firearms reported below. Please provide firearms data and information to include the date, time and location of recoveries. We have a good handle on the US recoveries (just off by a few) but we need more info on the Mexican recoveries. We will be utilizing this information to update our seizure events in Mexico.

785115-10-[REDACTED] Operation Fast and Furious

ATF agents are aware of or have caused 309 of these firearms to be recovered. To date, 179 crime guns have been recovered in the Republic of Mexico, and 130 have been recovered domestically in the United States. Of those domestic recoveries, all have been along or near the U.S. and Mexican border, i.e., El Paso, TX; Douglas, AZ; Nogales, AZ; Sells, AZ and Casa Grande, AZ, with the farthest recovery north of the border being here in Phoenix, AZ. In order to purchase these 1,608 suspected firearms, this group has spent over one million in cash transactions at various Phoenix area FFLs. Due to the proximity to the border, bank subpoenas and financial investigations have yielded little or no results.

*THANKS SO MUCH*
