

CHUCK GRASSLEY

UNITED STATES SENATOR FOR IOWA

Numbers to Know: E15

- » **\$400/year:** Drivers nationwide who use E15 typically save 20 to 40 cents per gallon, saving households around \$400 per year.
- » **\$150 million:** E15 could save consumers more than \$150 million this summer, according to data collected from thousands of retailers nationwide.
- » **128,000:** Consistent access to E15 would create 128,000 new jobs.
- » **8 years:** E15 has been available during the summer driving seasons for eight years through temporary waivers issued by the Trump and Biden administrations.
- » **0:** Not one refinery has closed as a result of E15's eight years of year-round availability.
- » **3.85 million:** Allowing permanent E15 availability would have a positive environmental impact, equivalent to removing more than 3.85 million cars off the road annually.
- » **\$25.8 billion:** Enacting E15 would generate an additional \$25.8 billion in economic activity, including \$13.8 billion in new corn demand.
- » **30 percent:** Blends of E15 or higher made up nearly 30% of all Iowa fuel sales in 2025.
- » **\$60 million:** Iowa drivers saved 15 cents per gallon by choosing E15 in 2025, bringing home over \$60 million in savings overall.
