

January 18, 2024

The Honorable Charles Schumer
Majority Leader
United States Senate
Washington, D.C. 20510

The Honorable Mike Johnson
Speaker
U.S. House of Representatives
Washington, D.C. 20515

The Honorable Mitch McConnell
Minority Leader
United States Senate
Washington, D.C. 20510

The Honorable Hakeem Jeffries
Minority Leader
U.S. House of Representatives
Washington, D.C. 20515

Dear Majority Leader Schumer, Speaker Johnson, Minority Leader McConnell, and Minority Leader Jeffries:

We write to express our strong support for reauthorization of the Undetectable Firearms Act (UFA), which is set to expire on February 2, 2024. The UFA has helped keep Americans safe in public spaces that utilize metal detection to prevent the admittance of firearms, including at the thousands of events that our organizations host each year.

The safety of the millions of fans, participants, and other personnel who attend our events is our top priority. Our organizations work in close coordination with federal, state, and local law enforcement and rely on advanced security procedures, including metal detector screening, to ensure the safety of our events. Allowing the UFA to sunset would hinder our ability to prevent firearms from entering stadiums and arenas and reduce the fan safety measures in place at our events.

Both parties in Congress have long recognized the importance and effectiveness of the UFA, as the law has been reauthorized on a bipartisan basis three times in its 35-year existence. We urge you to reauthorize this critical law so that our organizations can continue to keep our fans safe.

Thank you for your attention to this important matter.

Sincerely,

Cathy Lanier
